SOLID FOUNDATION

USN students' performance indexes -- a measure of how well all students in a school did on state assessments -- surpassed those of their district and comparable charter school peers.

Performance Index

UPrep-East outscored their neighborhood counterparts by

18-32%

in every tested subject.

UPrep-State St. students outperformed their district counterparts by an average of

16%

in reading and math.

USN middle schools scored among the top

16%

of schools in the state for progress.

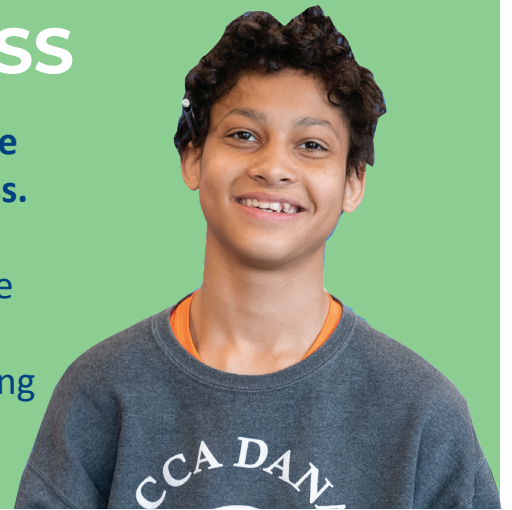

99%

of engaged USN alumni in the high school class of 2021 graduated within four years of enrollment in high school.

FIVE-STAR SUCCESS

USN schools received five stars -- the highest rating possible -- on Progress.

Progress measures how much students improved from the last time they took each test. USN schools are among the best in the state at growing each student year over year.

THE PLACES THEY'LL GO

USN alumni are better equipped to succeed on the path to the futures of their dreams. 87% of engaged USN alumni in the high school class of 2022 are actively pursuing selective post-secondary education and careers.
